Senior Quality Assurance Manager

MY FAVORITE PART ABOUT WORKING WITH THE DEV TEAM IS...

How creative everyone is in solving complex engineering problems. We're able to work together to come up with quality solutions.

IF I COULD DESCRIBE THE DEV TEAM IN ONE WORD, IT WOULD BE...

Helpful. Ever since I joined, every member of the team has gone above and beyond to help me come up to speed and make sure I have what I need to be able to do my job well.

A DEV-RELATED RESOURCE I THINK EVERYONE SHOULD KNOW ABOUT IS...

Gleb! [Gleb](#) is a pioneer in using Cypress and has solved just about any problem you might encounter doing QA automation.

IF I WON THE LOTTERY, THE FIRST THING I WOULD DO IS...

Start a charity that helps people dealing with mental health struggles find pets that can help support them. Most likely helping veterans.

SOMETHING THAT MIGHT SURPRISE SOME PEOPLE ABOUT ME IS THAT...

I've been collecting Pokémon cards most of my life. My current collection is estimated at around \$50,000.

IF I WERE TRAPPED ON A DESERTED ISLAND, THREE ITEMS I WOULD BRING WOULD BE ...

- Playing cards: it gives me something to do to help pass the time
- Sunscreen: I can burn in the shade if I'm not careful
- Swiss army knife: to help with all the actual survival parts of being trapped

I LOVE BREAKTIME MEDIA BECAUSE...

Breaktime cares about its employees more than any other company I've seen. In most places, you feel like just a number, but at Breaktime your voice matters, your opinion matters, and you matter.
