Senior Front-End Developer

## MY FAVORITE PART ABOUT WORKING WITH THE DEV TEAM IS...

How helpful and insightful they are. I love being able to impact a user's experience directly from a line of code!

## IF I COULD DESCRIBE THE DEV TEAM IN ONE WORD, IT WOULD BE...

Pragmatic. Everyone on the team is constantly trying to evolve our product in all the ways possible while thinking about how we can do that without losing any of our efforts.

## MY FAVORITE DEV TOOL IS...

VS CODE. I can't live without it!

## THE ONE SONG I CURRENTLY HAVE ON REPEAT IS...

Holy Spirit by Jesus Culture.

## THE BEST RESTAURANT I'VE EVER BEEN TO IS...

Daisho! It's a Japanese restaurant here in Brazil.

## ON THE WEEKENDS, YOU CAN FIND ME AT...

Home reading manga on my balcony or on a hike with my wife and dogs!

## I LOVE BREAKTIME MEDIA BECAUSE...

They sit at the intersection of my passion for technology and my desire for challenging work. The tech-related problems we solve here are not only intellectually stimulating, but they also have a meaningful impact, making the work incredibly rewarding. I'm constantly pushed to think creatively and innovate, and I find it incredibly fulfilling to overcome the challenges we face!
